Country music sensation Tenille dropped by Holy Spirit Academy in High River on Tuesday. She performed some songs and encouraged the students to follow their dreams and blaze a bold path forward. The concert was part of her “Play it Forward” series, which teaches kids the value of pursuing their passions. Tenille is a Grande Prairie native, who has burst into the spotlight with her fun and soulful country ballads. She made history last year, becoming the youngest performer to be nominated for the Canadian Country Music Association’s Best Female Vocalist award.
